OUR DIFFERENCE

THE GAP WE ARE DESIGNED TO SOLVE

Home washing, conventional wash shops and Sudh Ganga solve different problems. We give customers more control and product transparency.

WASHING AT HOME

1. Convenient, but often limited by low-pressure water, bucket tools and available space.
2. Household detergents or unknown dilution may not be designed for vehicle surfaces.
3. Dust trapped in a reused sponge, hard-water residue and incomplete drying can affect the finish.
4. Time, drying access and specialist tools are the customer's responsibility.

CONVENTIONAL WASH SHOP

1. Convenience and speed can be useful, but methods and products vary by provider.
2. Customers may not always see the product brand, dilution or quantity being applied.
3. A quick wash may not include paint-safe contact tools, separate towels or specialist care.
4. Service quality, process and pricing transparency differ from shop to shop.

SUDH GANGA DIY

1. Customer-visible product choices and measured package quantities.
2. Structured foam, rinse, contact cleaning, drying and optional finish stages.
3. Dedicated microfiber and tools for designated surfaces; chain work kept separate.
4. Fixed listed package prices, take-home packs and pressure-washer rental.

OUR PROMISE A customer-controlled wash experience with visible choices, measured products and clear prices.

RENTAL CHECKOUT — ID, DEPOSIT, PICKUP & SAFE USE

Strict but evidence-based conditions. The customer receives a copy of the signed rental form and handover record.

1 • WHO CAN RENT

Renter must be 18+ and competent to operate the machine. The renter signs the rental form and remains responsible for the equipment until accepted return.

2 • IDENTITY CHECK

A government photo ID is required. Aadhaar can be verified voluntarily with informed consent; another valid government photo ID is accepted. No unmasked Aadhaar photocopy or full Aadhaar number is retained.

3 • MANDATORY DEPOSIT

₹500 refundable deposit is payable before handover. Refund is processed after return, inspection and settlement of any documented, agreed charge.

Self-pickup and self-return are the standard arrangement. Optional centre-arranged collection / delivery must be confirmed in advance: ₹100 small unit / ₹200 large unit.

5 • USE ONLY AS AUTHORISED

Use only at the declared site and for the agreed job. No sub-renting, lending, tampering, opening the casing, unauthorised repair or use with unapproved chemicals.

Never run the pump dry or leave it unattended.

8 • APPROVED APPLICATIONS

If the dealer / manufacturer confirms damage caused by misuse, operation beyond the permitted duty cycle, unauthorised use, negligence or tampering, the renter is liable for the reasonable, documented repair cost.

11 • INTERNAL / MANUFACTURING FAULT

If a fault is internal and not caused by renter misuse, the renter is not liable. Stop use, disconnect safely and inform the centre. The authorised manufacturer / dealer inspection report will determine the cause and next action.

12 • INSPECTION + RECORDS

Machine serial / model, accessories, existing marks, working condition and handover / return times are recorded and photographed. Both parties receive the signed rental form, deposit receipt, inspection record and any dealer / manufacturer report.

FAULT PROCESS Stop use → notify the centre → dealer / manufacturer inspection → act on the written cause report.

IMPORTANT CUSTOMER INFORMATION

TRANSPARENT TERMS & RESPONSIBLE DATA HANDLING

The following summary is designed to be clear and fair. The signed service / rental record controls the specific transaction, subject to applicable law.

FIXED PRICES

All listed package prices are standard fixed prices. A custom or quantity-based job starts only after the customer accepts the stated quantity and total price.

PRODUCT LABELS + DIRECTIONS

Products are dispensed in the stated net quantities. Keep each product labelled with product name, net contents, use directions, surface compatibility, warnings and seller / packer details as required by applicable rules.

AADHAAR + ID PRIVACY

A government photo ID is used to verify the renter's identity. Aadhaar offline verification is voluntary and consent-based; a suitable alternative government photo ID must be available. Do not collect or retain a full Aadhaar number or unmasked Aadhaar copy.

RENTAL DEPOSIT + DAMAGE

The ₹500 deposit is refundable after timely return and inspection. Only reasonable, documented repair / replacement loss attributable to proven misuse or breach may be recovered. Internal defects not caused by the renter are not charged to the renter.

SAFETY + LOCAL RULES

The customer / renter must follow product instructions, machine manual, electrical safety, local water-use rules and all site-specific requirements. Do not use pressure equipment on persons, animals or unsafe / prohibited surfaces.

CONSUMER RIGHTS

Nothing in this catalogue removes statutory consumer rights or permits disproportionate deposits, arbitrary penalties or denial of a lawful remedy.

LEGAL NOTE This customer catalogue is not a substitute for a signed rental agreement or legal advice. Have the final rental form and privacy notice reviewed by an Odisha-qualified lawyer before implementation.
